Innovative design concept

The new Salsa shopping trolley design has momentum. The structure of its basket is a chaotic web of varied, repeated interweaving lines that looks as if it has grown organically.

Advertising space

Large branding areas on the end of the basket and the sides of the shopping trolley offer you the opportunity to showcase your supermarket logo.

Salsa family

SALSA 200
Available from around March 2018

The Salsa shopping trolley range covers all retail requirements from convenience stores right through to supermarkets.

* Crate holder and bottom tray not possible. Salsa 150 with crate holder in travelator designer also has a small tray at the front of the chassis.

** For holding two drinks crates containing 12 1-litre bottles (e.g. Coca Cola)

Quiet and discreet

■ **The Salsa plastic shopping trolley** not only travels extraordinarily quietly but is also discreet and low-noise when being stacked and unstacked, so they won't annoy local residents, customers or supermarket staff.

Excellent shopping convenience

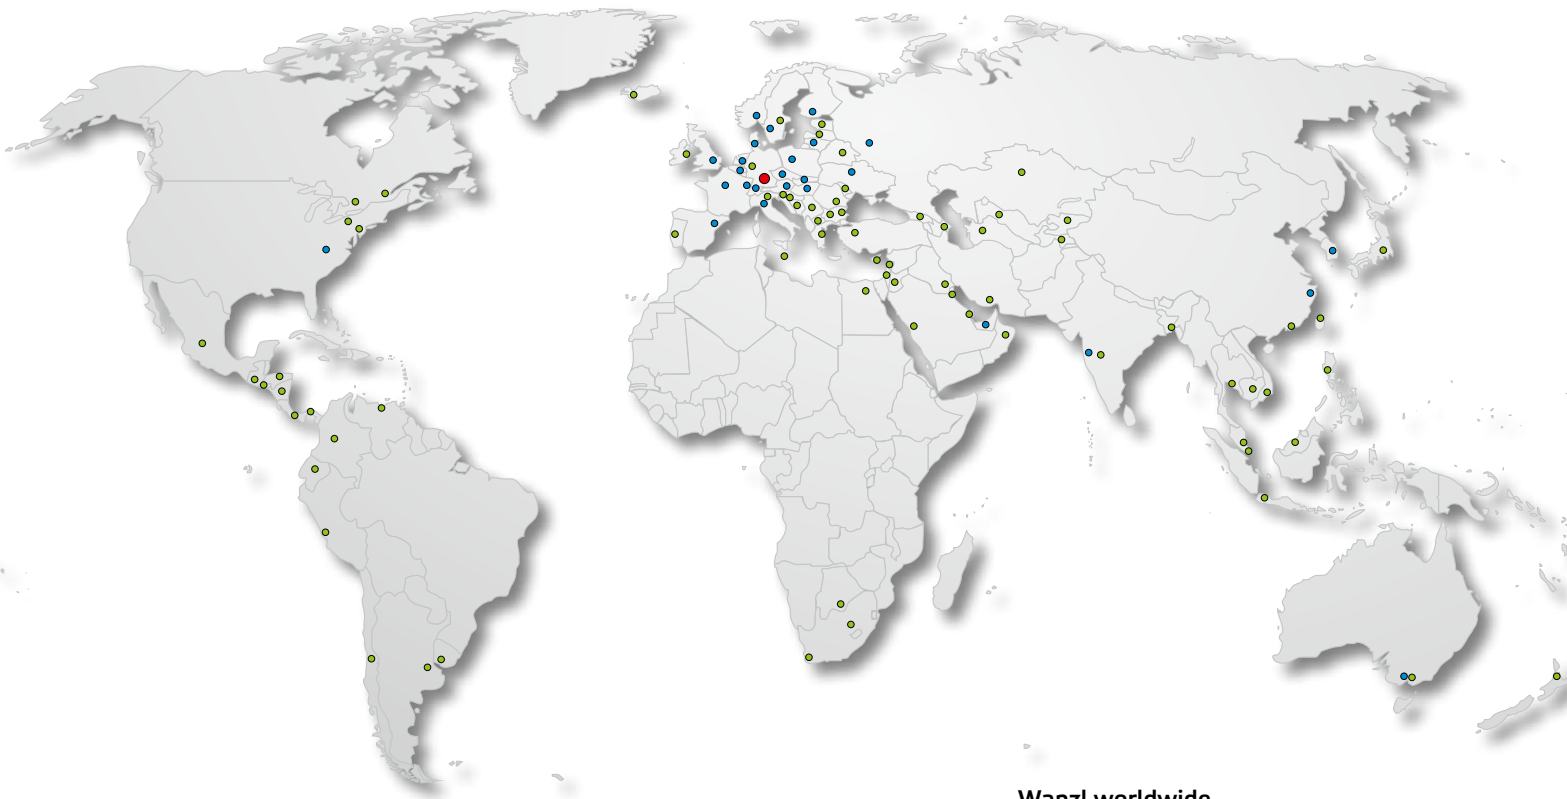

With its original Wanzl castor wheels, the Salsa dances nimbly and smoothly through the supermarket aisles, making shopping an absolute pleasure for customers.

More space for greater turnover

The optional bottom tray and the optional crate holder increases the shopping trolley's loading capacity, boosting potential sales. They offers plenty of space for PET containers, crates and other bulky items.
